Data and Decision Consulting LLC

Capability Statement

OVERVIEW

Data and Decision Consulting LLC is a Grovetown, Georgia based consulting business providing data analysis, reporting, business intelligence, and decision support. We help federal agencies, higher education institutions, healthcare organizations, and local businesses turn data into clear, useful insights that support informed decisions and performance improvement.

CORE CAPABILITIES

Data Analysis and Preparation: Cleaning, transformation, and validation so reporting rests on reliable data.

Power BI Dashboards: Interactive visualizations that put key metrics in front of decision-makers.

Business Analysis: Process and data review that clarifies problems, options, and requirements.

Excel Reporting and Analysis: Structured, repeatable reports and models your team can maintain.

KPI and Performance Reporting: Defined metrics and tracking that show progress against goals.

Decision Support: Clear, data-driven recommendations leaders can act on.

WHO WE SERVE

Federal Agencies: Performance reporting, data analysis, and decision support for program teams.

Healthcare: KPI and operational reporting that supports administrative decisions.

Higher Education: Enrollment, admissions, and operational reporting for institutional planning.

Local Business: Practical dashboards and reports to track operations and growth.

WHY WORK WITH US

- Practical, understandable reporting that helps clients organize information and track performance.
- Applied experience in higher education operations, HR and talent acquisition analytics, and data reporting.
- Strong analytical foundation: M.S. in Data Analytics and B.A. in Mathematics.
